Art Unit: 1624

DETAILED ACTION

Applicants' response, which included amendment to claims 34-49 and 58, filed on 12/23/2003, is made of record.

Claims 1, 3-8, 10-12, 14-15, 18-23, 25-29, and 33-58 are pending.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In view of applicants' response, particularly amendment to claims 34-49 and 58, 112 first paragraph rejection made in the previous office action has been obviated. Claims 1, 3-8, 10-12, 14-15, 18-23, 25-29, 33, 50-57 were allowed in the previous office action.

The compound of formula shown in claim 1 wherein Q is CR⁴, namely pyridone, with specific X, V, E, R¹, R², R⁴ and R⁵ groups, its composition and method of use to treat condition characterized by thrombosis as embraced in the instant claims was not found to be anticipated or rendered obvious by the prior art of record. Additionally, prior art search in the relevant art area yielded nothing teaching or suggesting the pyridone compound with specific X, V, E, R¹, R², R⁴ and R⁵ groups, its composition and method of use to treat condition characterized by thrombosis embraced in the instant claims. Therefore, the examiner noted that the instant claims 1, 3-8, 10-12, 14-15, 18-23, 25-29, and 33-58 would be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
